The Tansun Monaco XL is the world's most powerful full short wave infrared heater. The Monaco XL is the latest from the Tansun ultra low glare Ambient Series and features the new diamond faceted gold reflector technology which provides not only ultimate heat projection but reduces unwanted glare which is obtrusive in certain environments.

When high powered low glare heat is required the Monaco XL is the answer, higher mounting options are achievable due to the high performance of the premium 2.4kW lamp configurations.

The Monaco XL Series is the perfect heater for larger spaces or areas where mounting multiple longer heaters is an issue. The range includes single double and triple configurations of up to 7.2kW. This superior range boasts an IP55 rating so rainproof and suitable for all year round use.

Tansun Quartz Eco controls are available to dim heaters down via remote or Bluetooth devices. Energy saving 4 step receivers can also be added for total variable heat controllability.

# TECHNICAL DATA

## KEY FEATURES

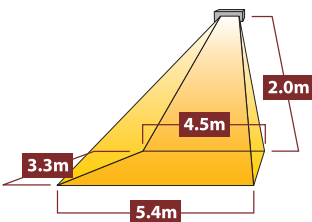

- Specially designed faceted gold reflector for efficiency and power
- Suitable for side wall mounting or overhead
- Ultra low glare with unique Tansun Reflector Technology
- 50% longer length lamp for optimum heat output
- XL gold reflector for efficiency and coverage.
- Dedicated heatsinks to protect lamp life and durability.
- 2.4kW high powered FULL shortwave elements
- Single Double and Triple heater configurations available
- Safety Guards

## RECOMMENDED INSTALLATION OPTIONS

Model	MONS-024IP	MOND-048IP	MONT-072IP
Voltage	230V	230V	230V
No. of Emitters x Power	1 x 2400W	2 x 2400W	3 x 2400W
Total Power	2400W	4800W	7200W
Current per Emitter	10.4A	10.4A	10.4A
Total Current of Unit	10.4A	20.9A	31.3A
Min. mounting height from floor	2.0m	2.5m	2.5m
Min. distance from ceiling	0.3m	0.5m	0.5m
Min. distance from side wall	1.0m	1.0m	1.0m
Dimensions - L x H x D	578mm x 227mm x 112mm	1140mm x 227mm x 112mm	1700mm x 227mm x 112mm
Weight	4.6kg	7.6kg	9.4kg
Ingress Protection	IP55	IP55	IP55

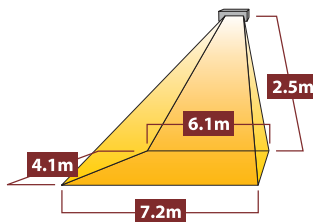

## FOOTPRINT COVERAGE Wall mounted at 45 degrees

MONACO XL SINGLE

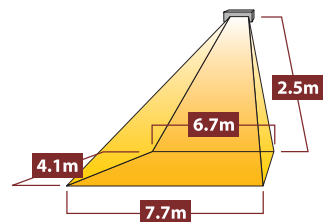

Coverage area = 17m sq.

MONACO XL DOUBLE

Coverage area = 27m sq.

MONACO XL TRIPLE

Coverage area = 30m sq.
